

**Sermon Discussion Guide - April 19, 2025
Thy Kingdom Come - Blindness**

- 1. Have you ever experienced not being able to see? What was that like?**
- 2. Read Matthew 6:22-23**
 - *What jumps out to you about these verses?*
- 3. These verses tell us how the eye directs us and the importance of only letting good things in our lives through our eyes.**
 - *What are some “dark things” that people allow into their lives through their eyes?*
 - *What are some “light things” that we need to purposefully take in?*
 - *How do we maximize the “light things” and minimize the “dark things”?*
- 4. When the darkness gets into our lives, we lose perspective on how life should go according to God’s design.**
 - *Share a time in your life when you lost perspective. What caused it? How did you get out of the darkness and back into the light?*
- 5. Split your group in half. Have one group read Proverbs 4:14-19 and the other group read Proverbs 4:20-27. Have each group summarize the passage and list out the practical warning or advice given.**
- 6. How can your group pray for and support you in light of today’s discussion? What is one example of darkness that each person needs to turn away from and one example of light that they are going to turn to?**
